# Our Products: Four Different Datasets

## 1 Mosaic™

GDR offers the most sophisticated consumer classification on the market. Mosaic™ links online audiences to customer CRM data and is a powerful segmentation tool.

## 2 Official Statistical Data on Sociodemographics

From partners like Insight One and governmental statistical offices, GDR offers data on lifestyle, life phases, income, family type, dwelling, savings and more.

## 3 ICC

International Consumer Classification: 12 simple groups that work across Australia, Canada, Denmark, Finland, France, Germany, Italy, Japan, Mexico, Netherlands, New Zealand, Norway, Poland, Portugal, Spain, Sweden, Switzerland, UK, and the USA.

## 4 Kantar Interest Data

Via our privacy-safe integration with Kantar Media, GDR offers 444 unique interest and preference audiences.

What is  
the point?

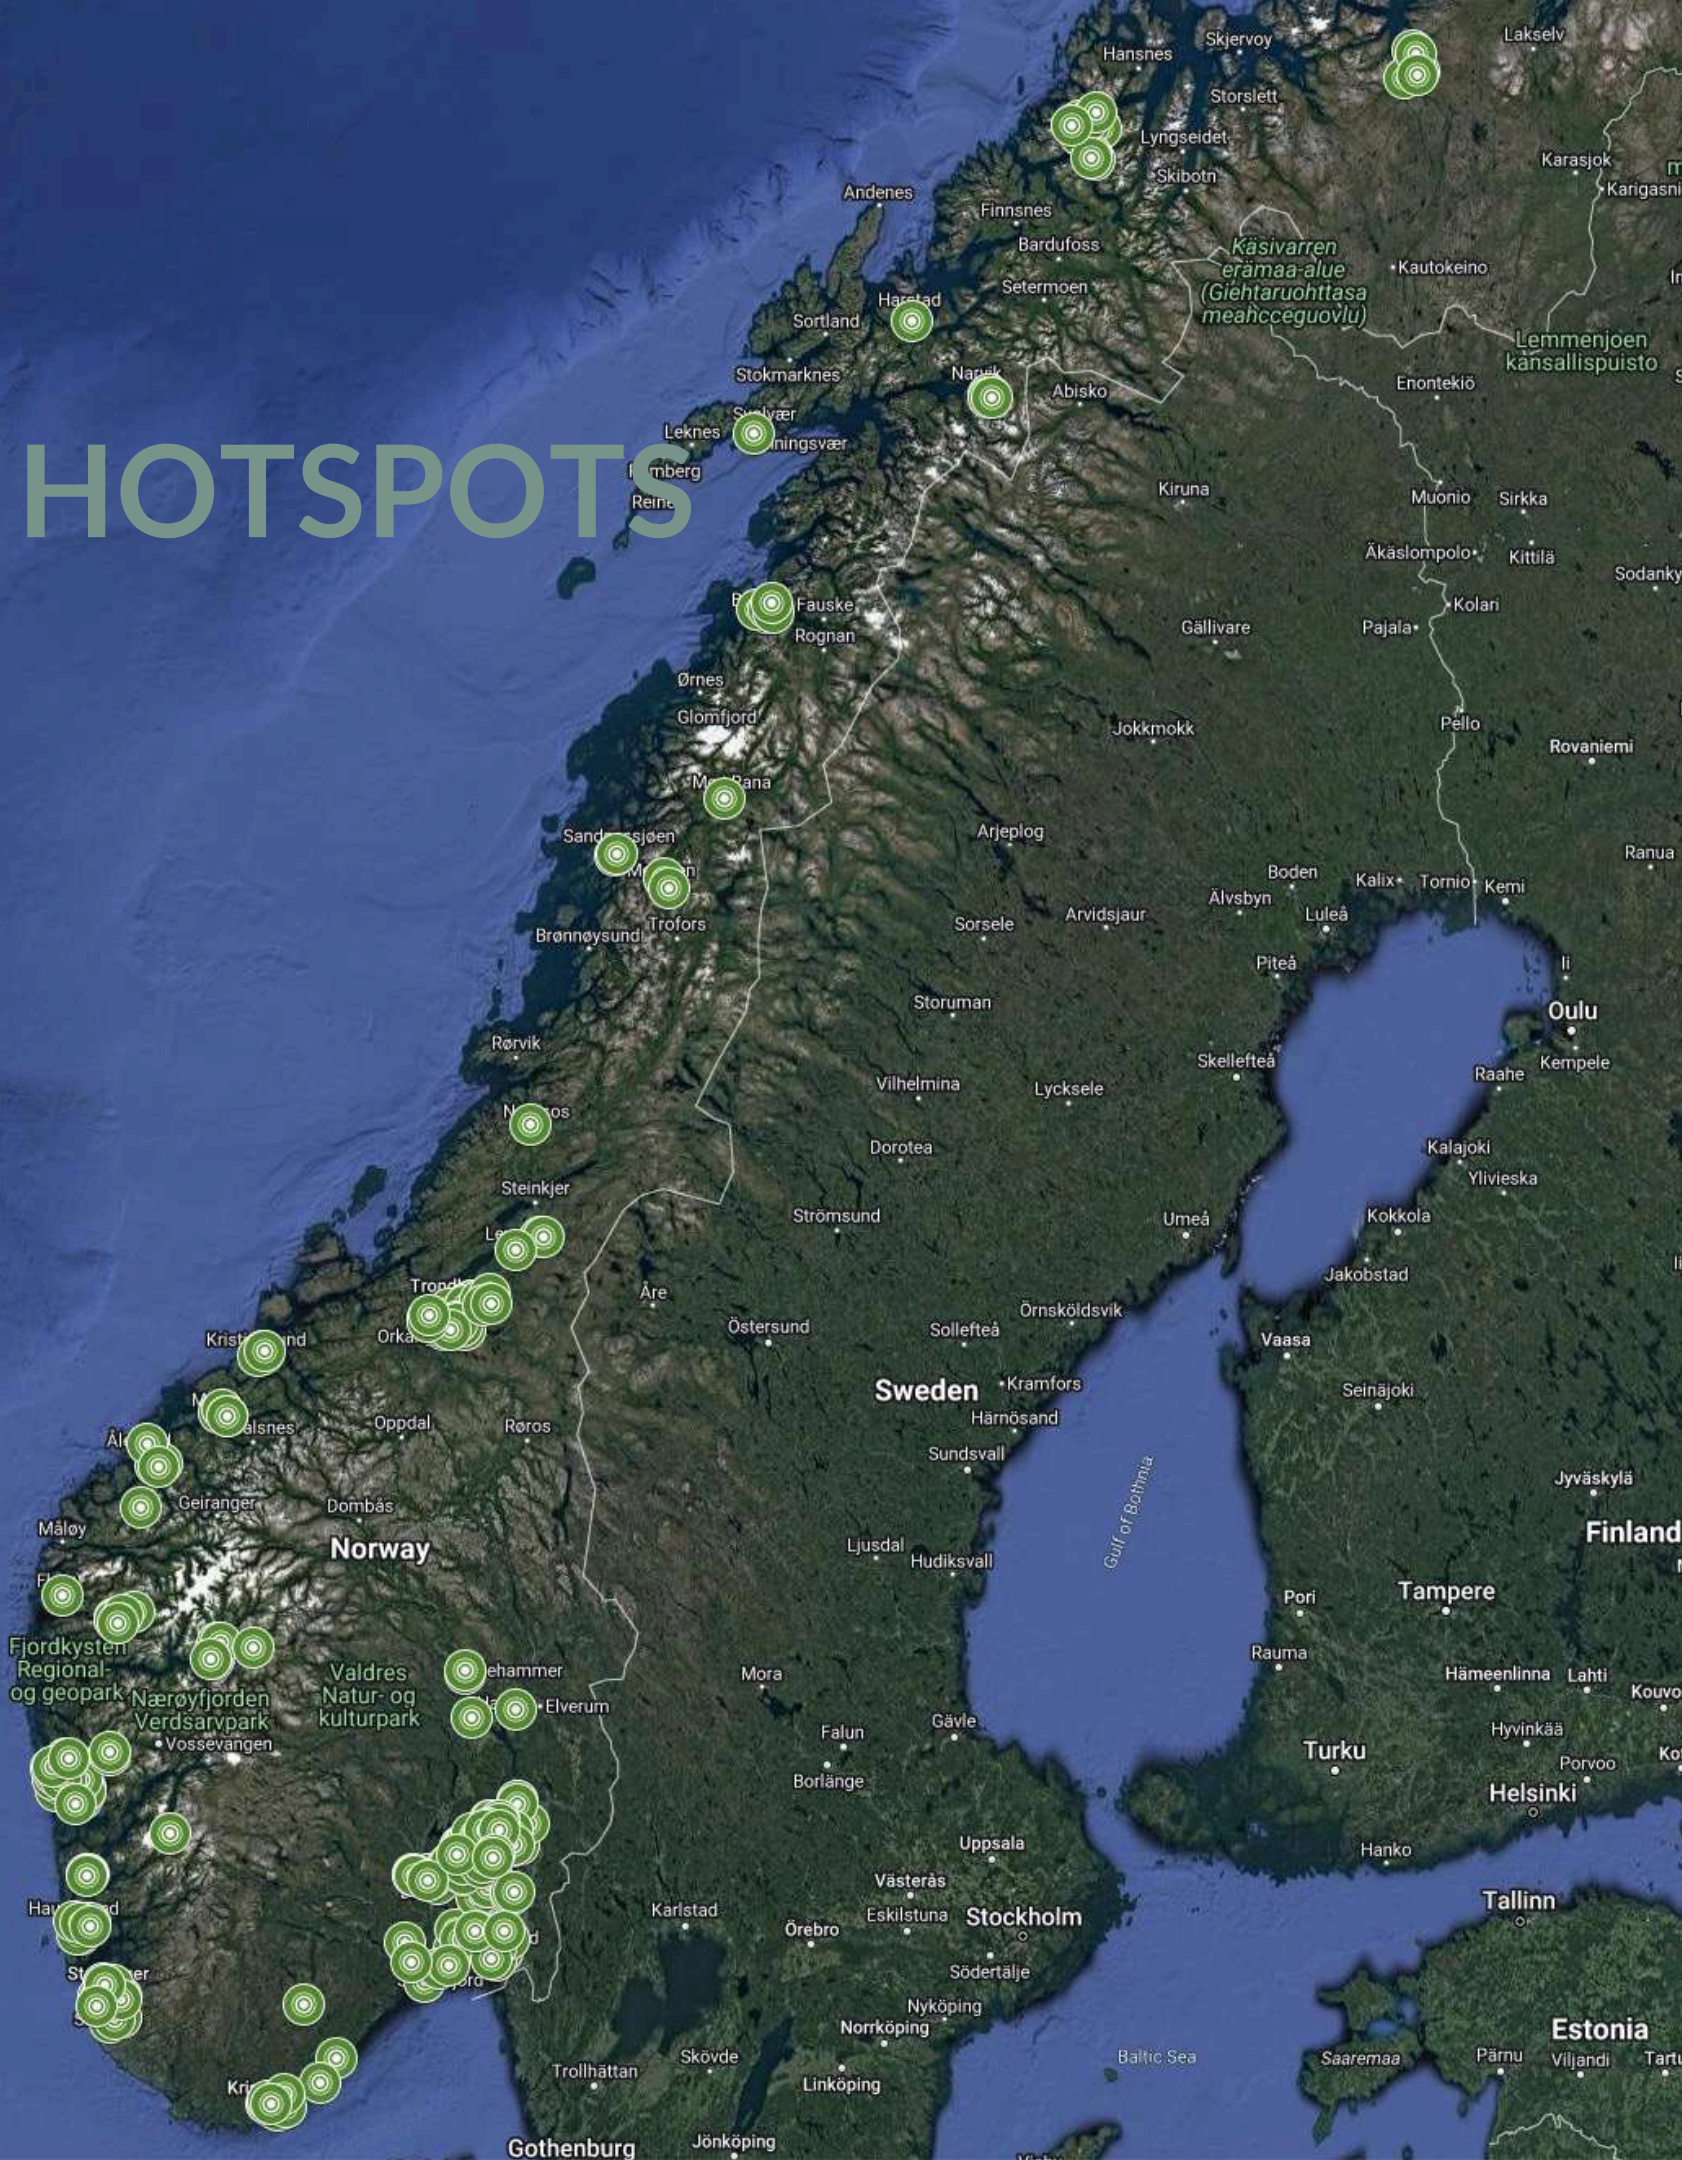

How can **WE** use this?

# Brief

*“Upper middle-class families with 1-2 children, drive a Volvo, and are interested in tennis.”*

# HOTSPOTS

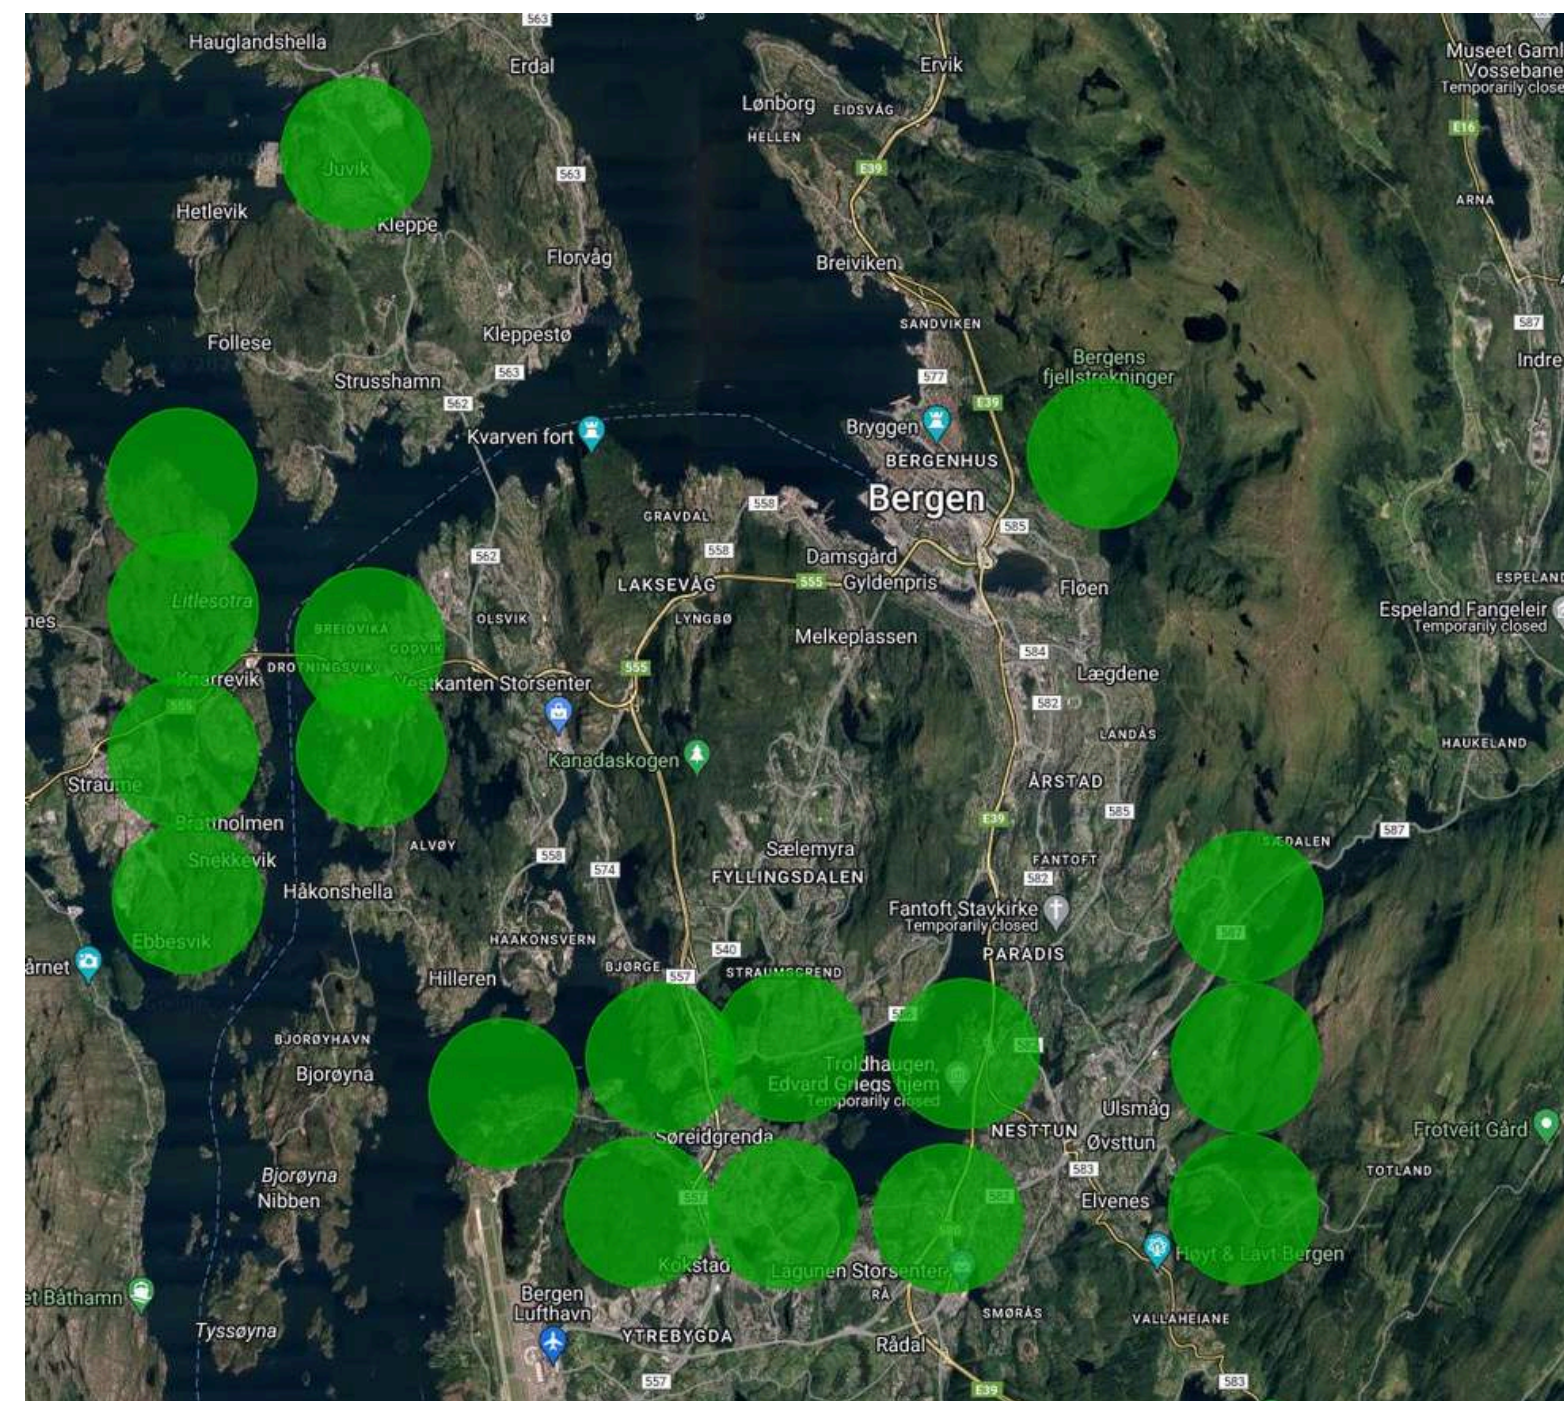

High  
concentration

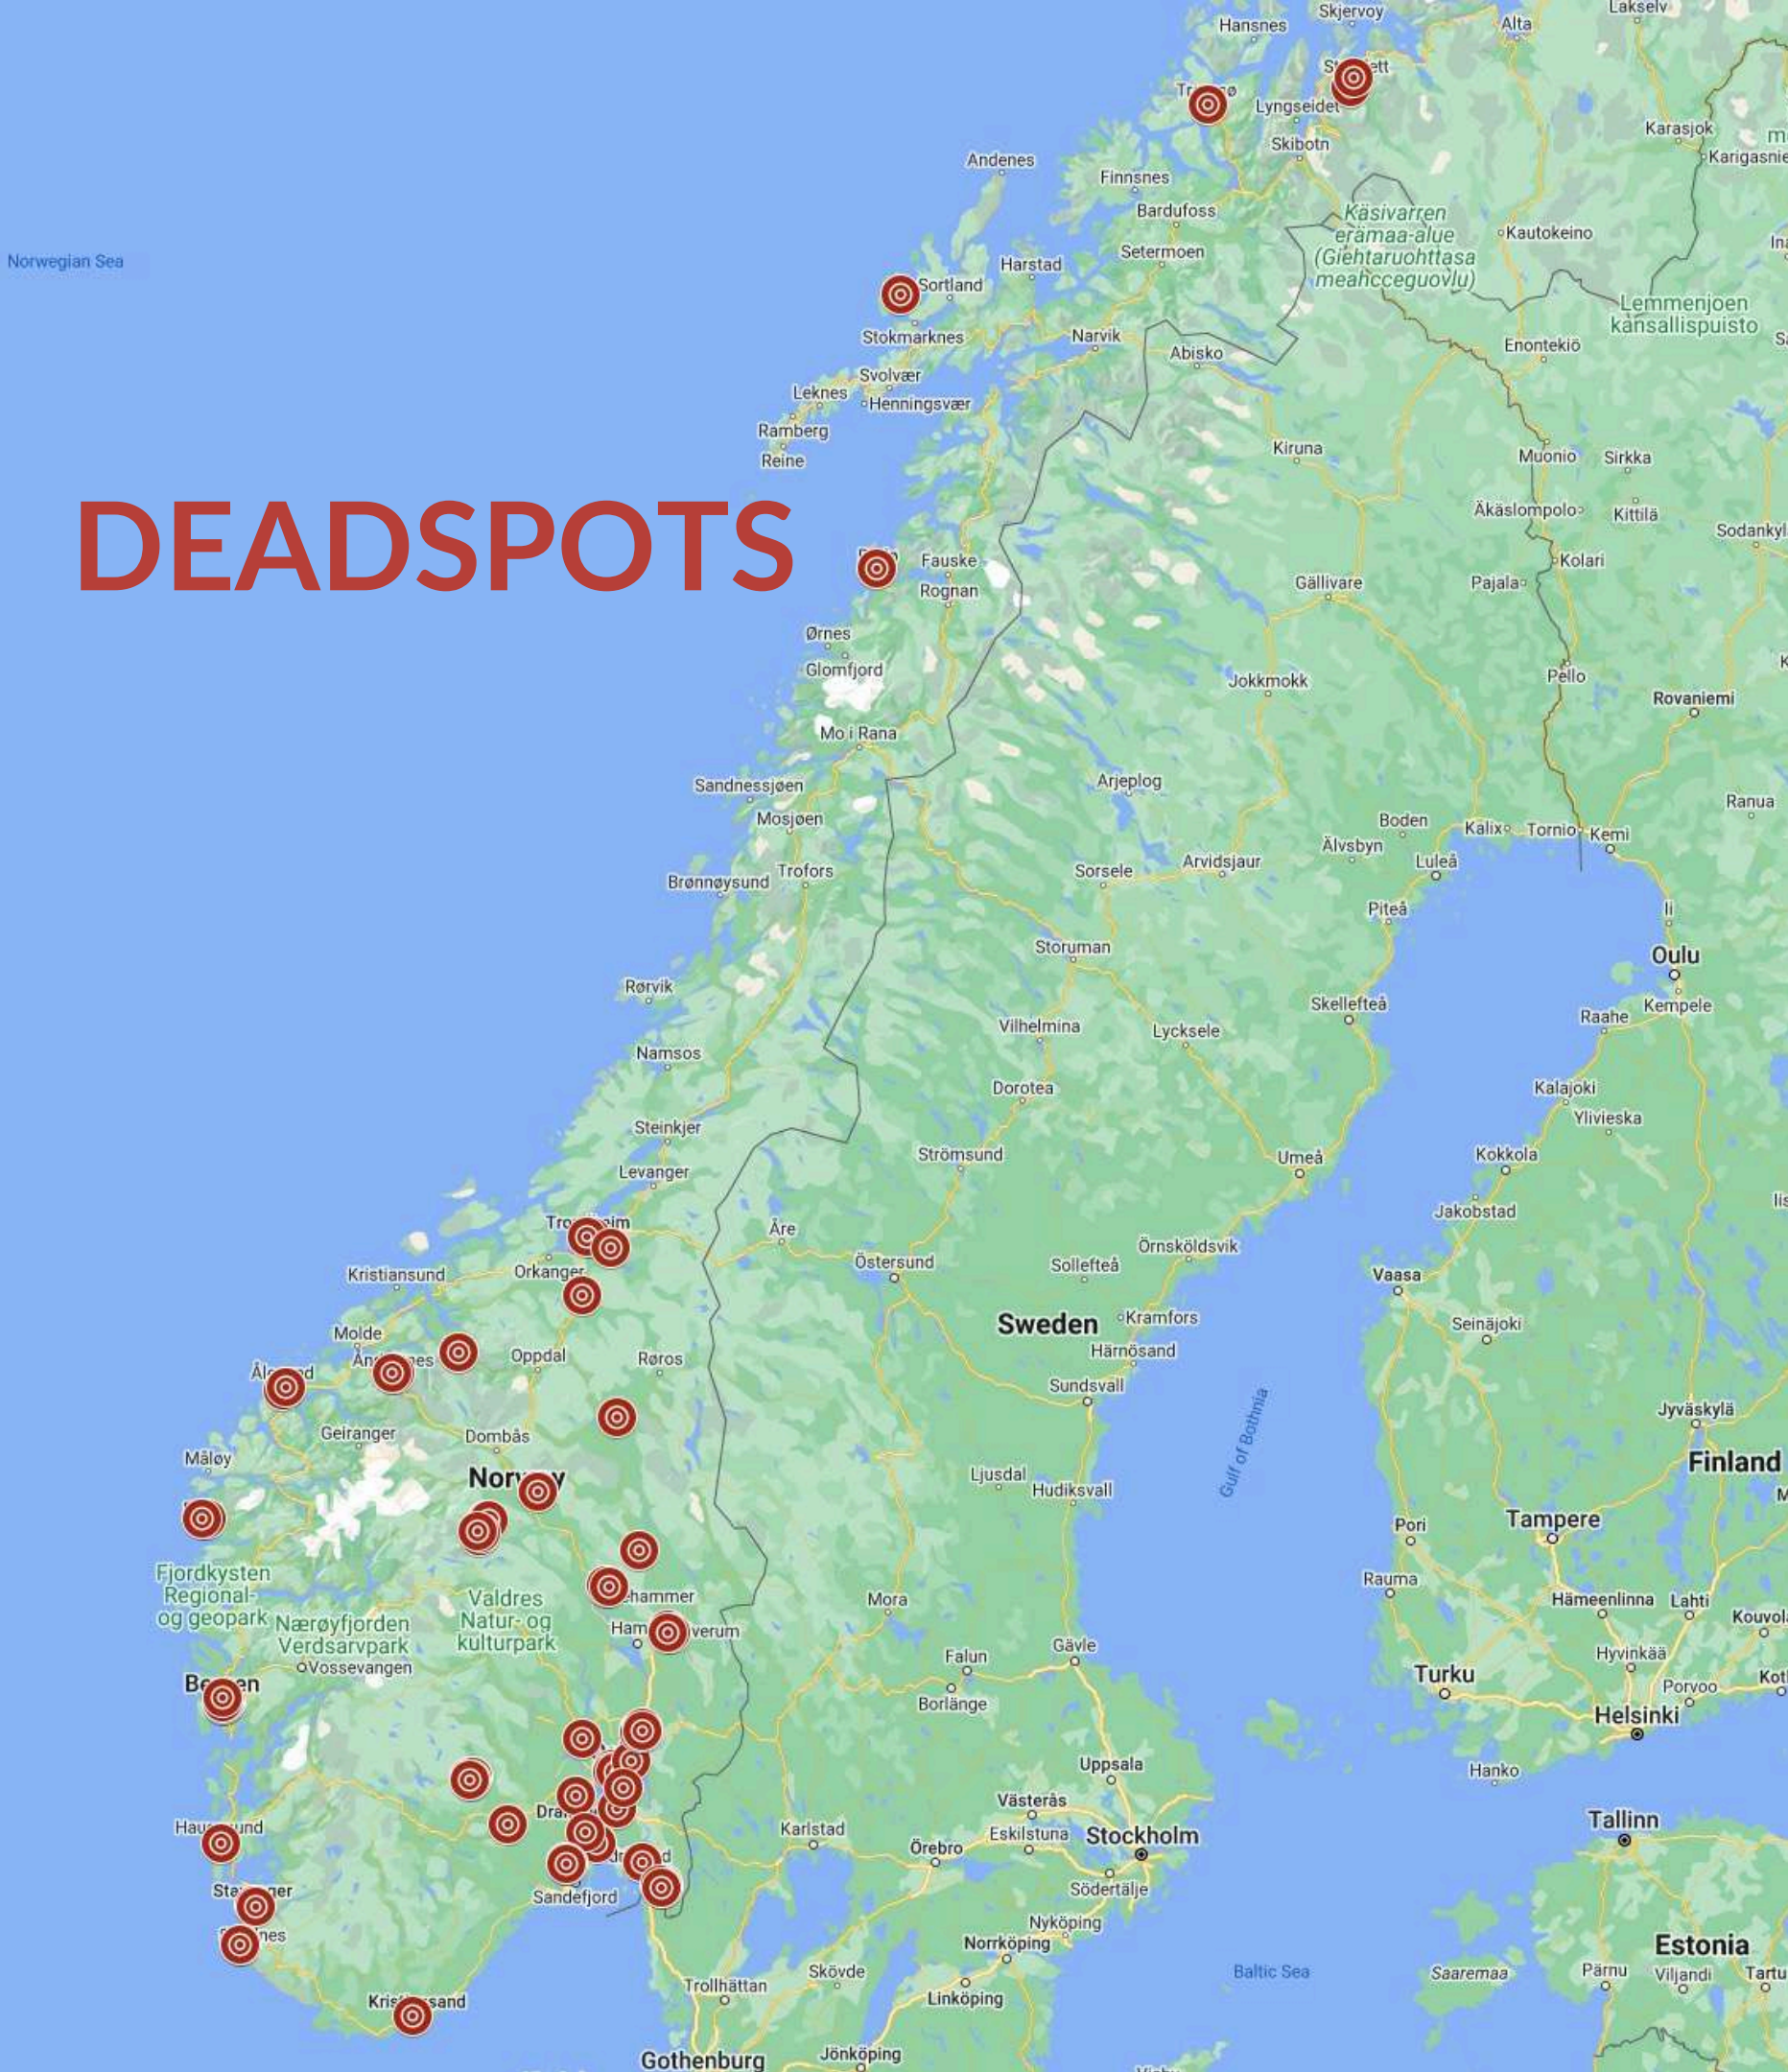

We can pinpoint  
hotspots with a high  
concentration of specific  
lifestyles.

# HOTSPOTS

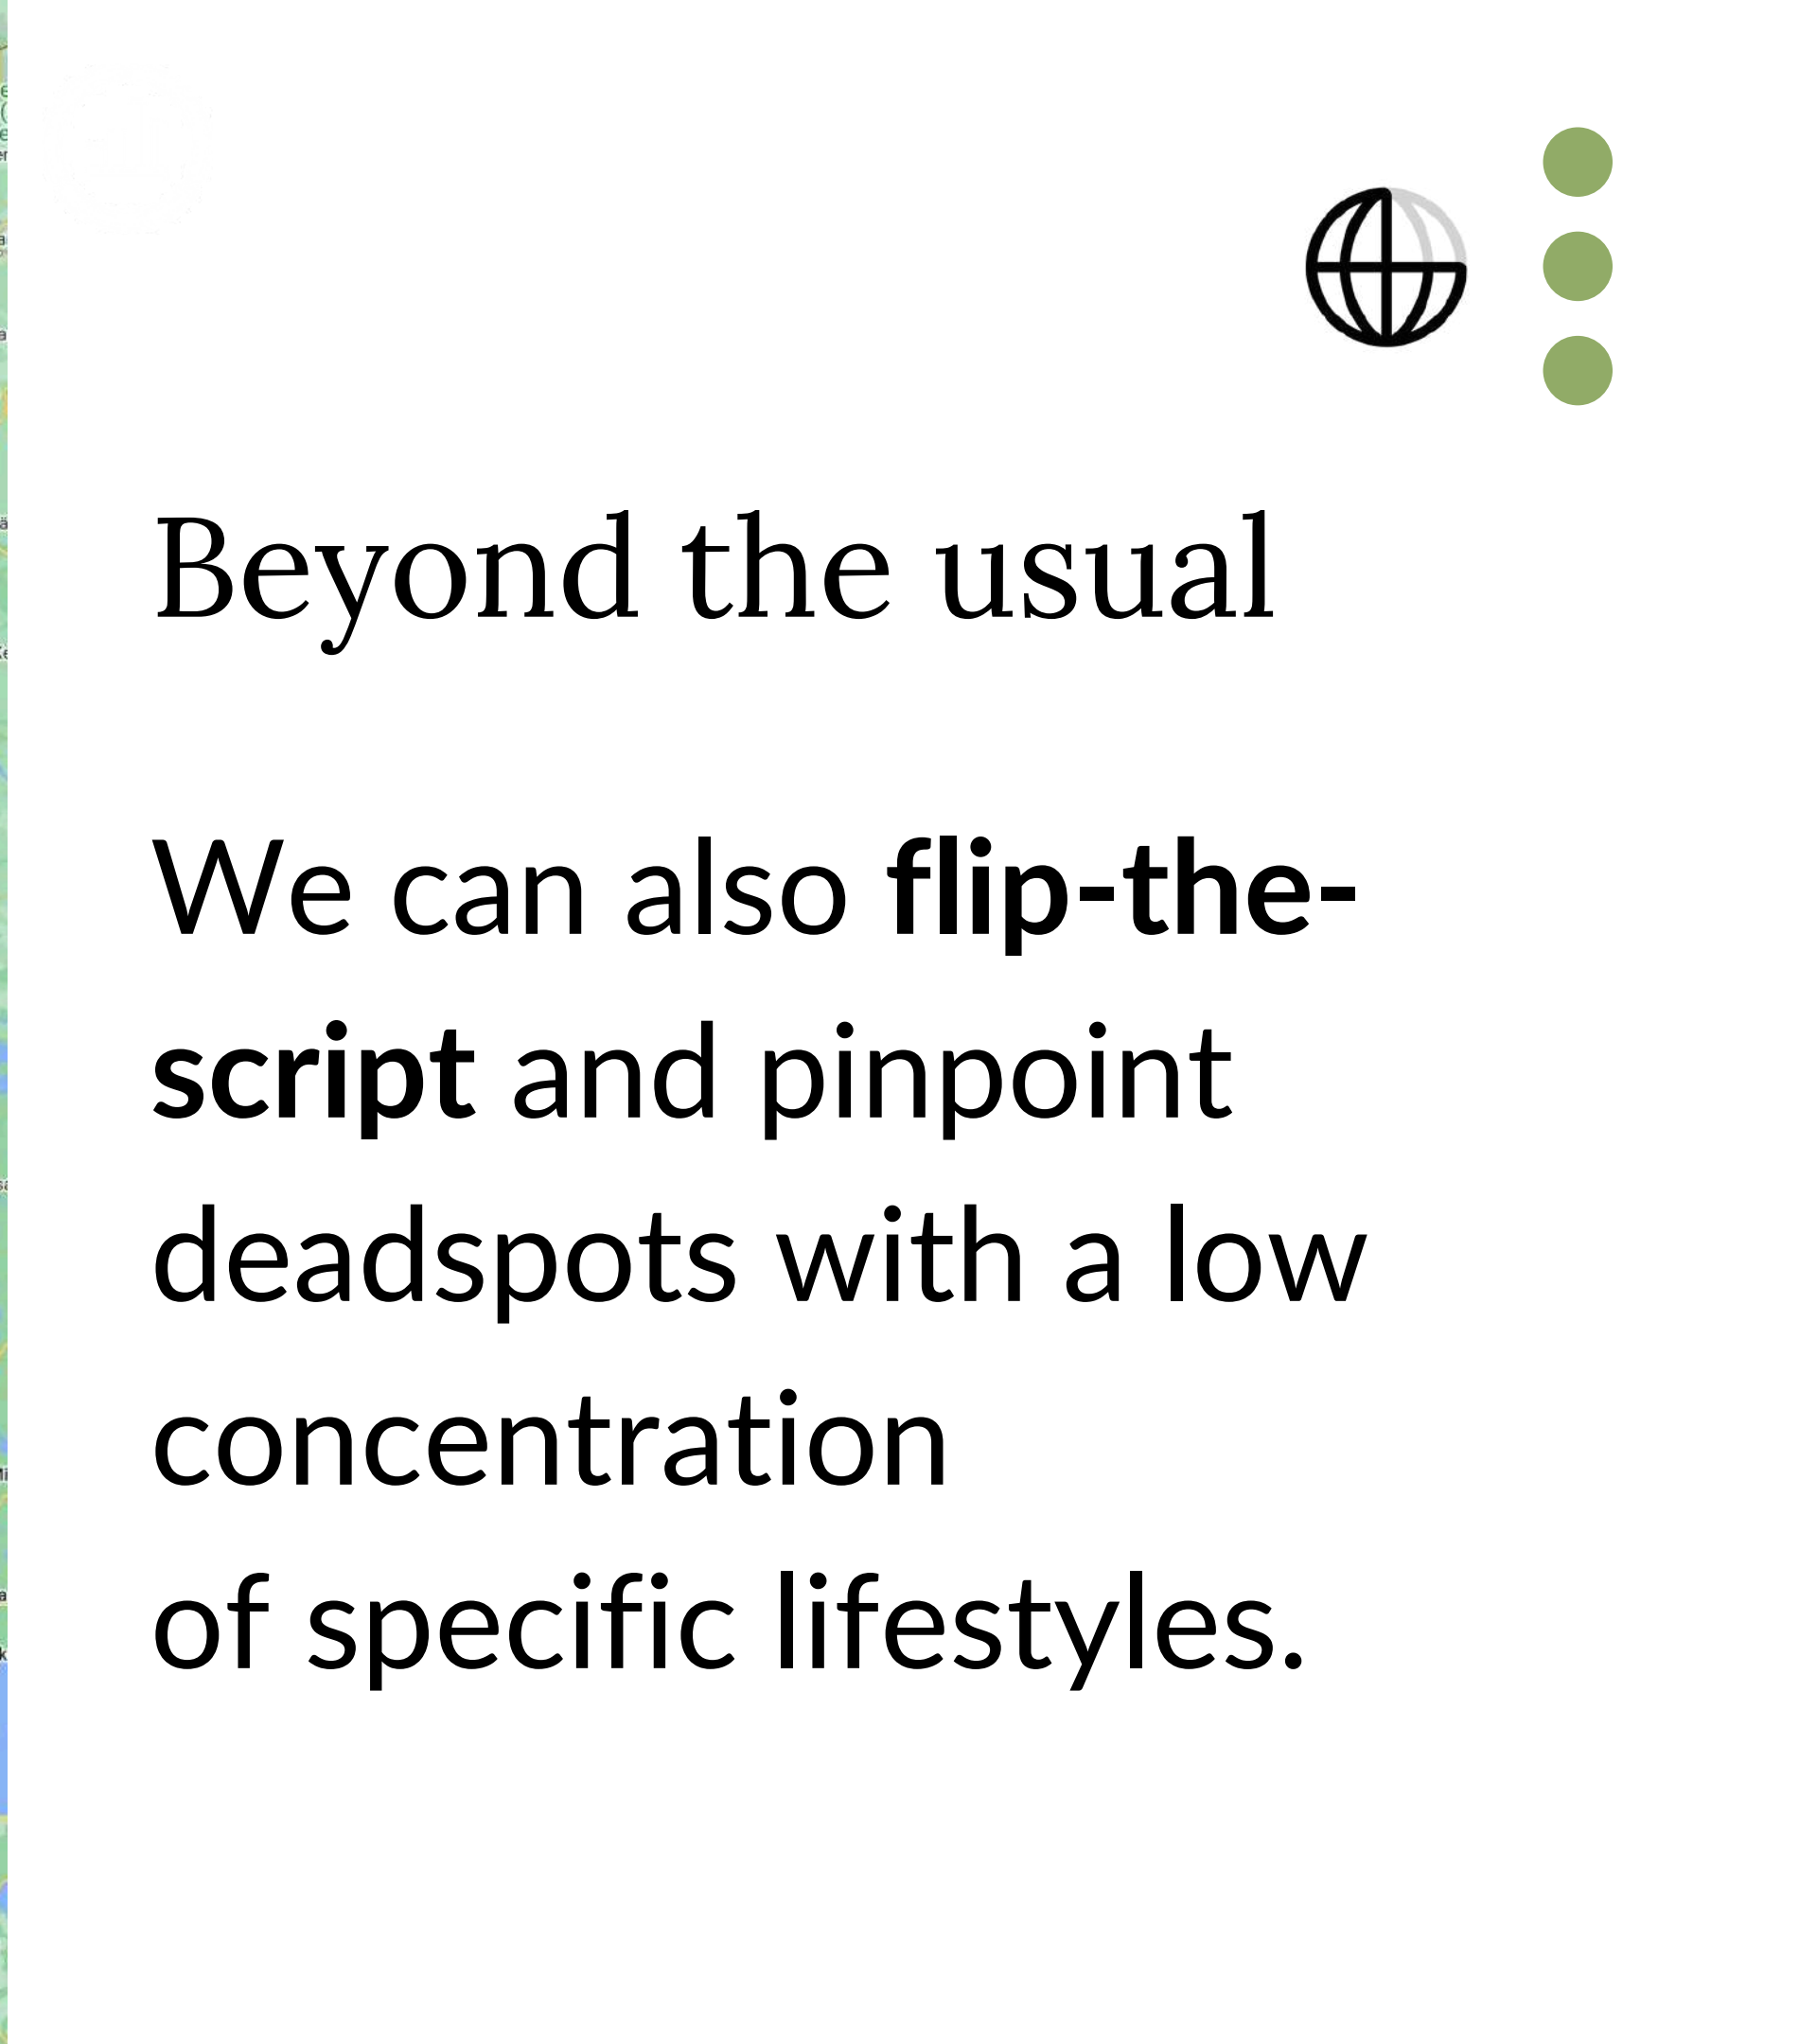

Here is a closeup of  
Bergen for audience X.

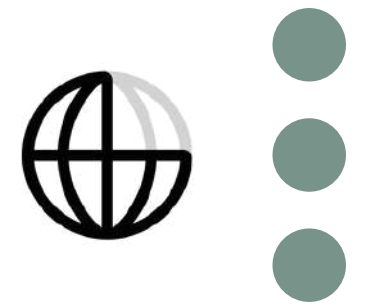

DEADSPOTS

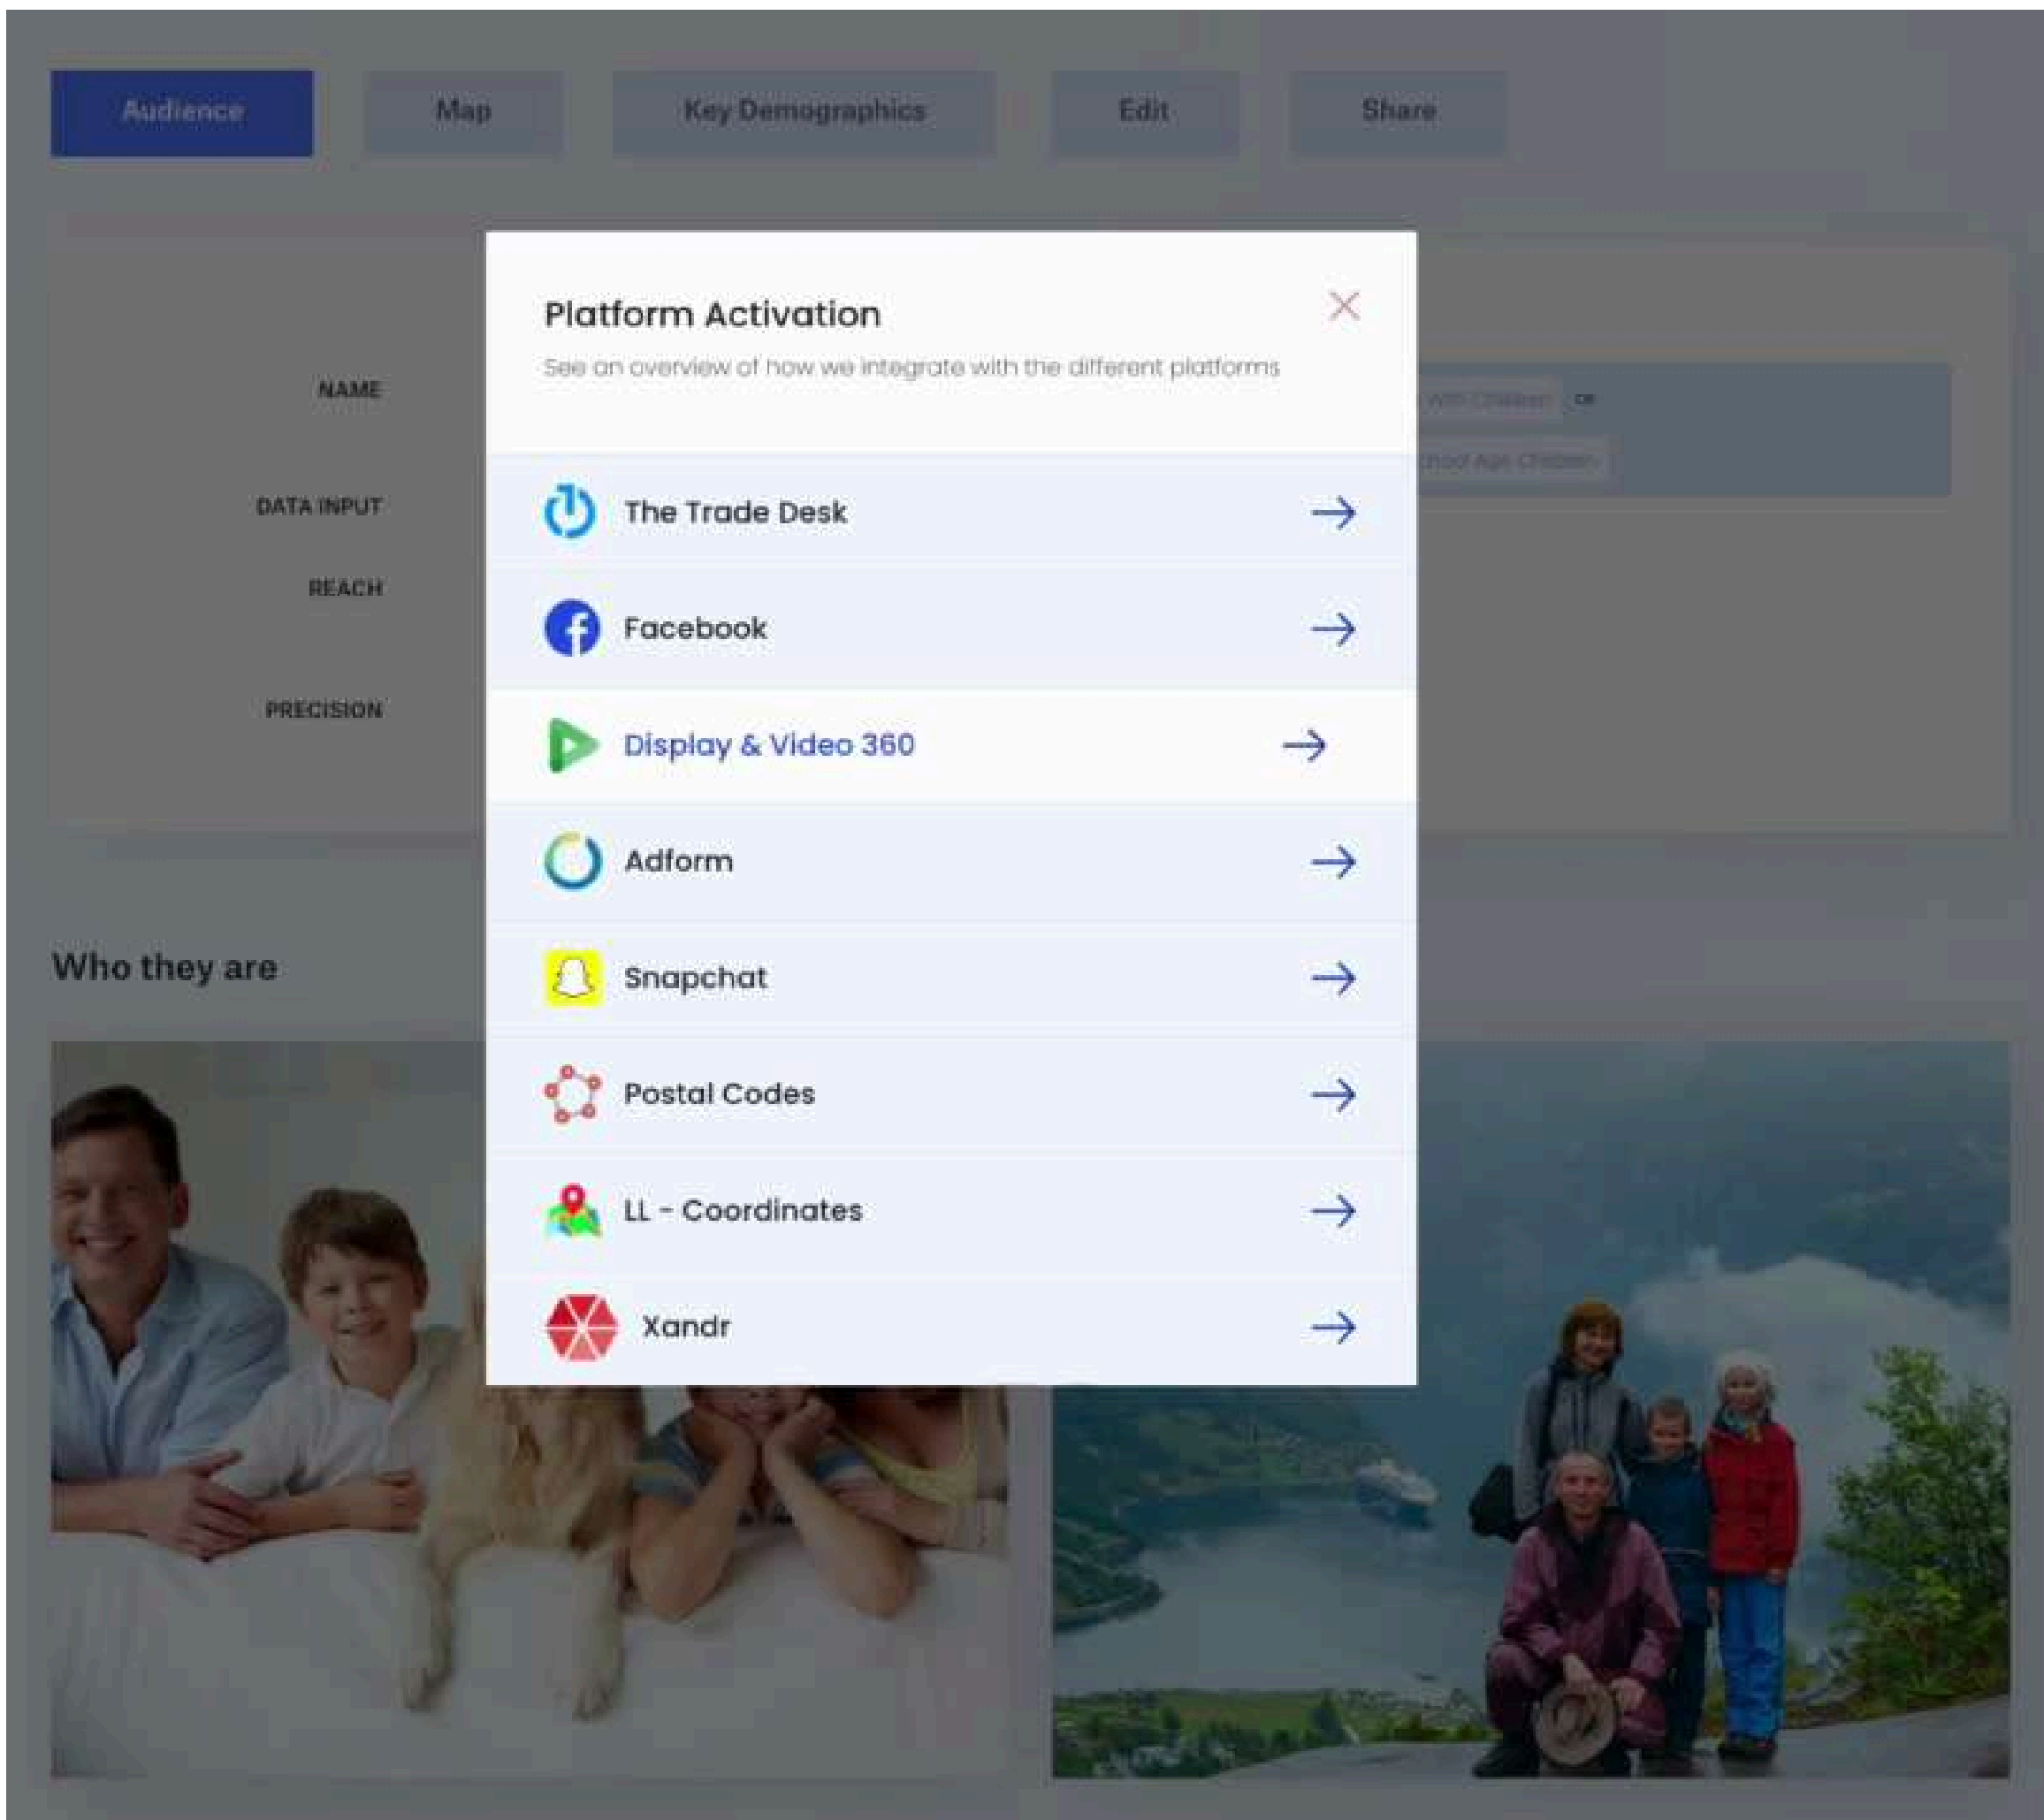

Beyond the usual  
We can also **flip-the-script** and pinpoint  
deadspots with a low  
concentration  
of specific lifestyles.

Direct  
integrations

Our IDfree tool has  
**direct integrations**  
to (almost) all  
major DSPs  
and platforms.
